Cupra is giving buyers plenty of options with this Leon. The old model had varying power outputs throughout its life, but the company is providing choices from the get-go this time. Kicking off the range is a 2.0-litre TSI with 245hp and 370Nm of torque.

The Leon can also get quite expensive if you look at powerful Cupra models. Perhaps the main reason why you would pick a Leon over its rivals is its design, the striking looks of this car really stand out from not only its siblings but also other cars like the BMW 1 Series, Ford Focus, Mercedes A-Class, Peugeot 308 and Renault Megane. It's available as a five-door hatchback or an estate, the latter is badged as the Leon ST (or Sports Tourer).
