Manifesto accomplishes two things that books like James Frey's A Million Little Pieces could not - using experimental format to show one man's raw life. Opening up the blank casing, a very unapologetic page one sports nothing but black text that starts at the top of the page and small numbering printed on every bottom corner.

"A Hacker Manifesto" deftly defines the fraught territory between the ever more strident demands by drug and media companies for protection of their patents and copyrights and the pervasive popular culture of file sharing and pirating. This vexed ground, the realm of so-called "intellectual property," gives rise to a whole new kind of class conflict, one that pits the creators of information ...
