The Sustainability Generation The Politics

Read Book The Sustainability Generation The Politics Of Change And Why Personal Accountability Is Essential Now

The Sustainability Generation is beyond simply another green book in that it focuses on the poisonous influence of our acquisitive culture and its root cause -entitlement. Our culture of entitlement encourages the belief that instant gratification is our right; this in turn erodes our sense of duty toward anything outside of these immediate desires.

They have grown up with a concern about the sustainability of our economy and the health of our ecosystem. The issue of environment and sustainability has already moved from the fringe of political awareness and our policy agenda to its center. In the next decade, this will only increase as the sustainability generation comes of age.
